

Foster Care Prayer Vigil Venue Suggestions

Prayer Vigils can take on many forms. Below are some suggestions that you might want to consider in setting up your vigil. Feel free to get creative...remember, the important thing is that you set aside time to join other believers in prayer.

You can hold a prayer vigil . . .

- as part of a regular Bible study group in your home
- in your Community Group
- in a Sunday School class
- In a MOPS group
- as a prayer walk through your city
- with friends at a park, or at the beach
- over lunch with fellow believers at work
- as part of your regular church service
- with a group of friends in your home
- with your family after dinner
- Hold a prayer vigil wherever you can gather together one or two other believers

Please share these suggestions with friends of yours. Encourage them to hold a prayer vigil as well. Also, please share ideas you have for holding vigils by visiting our forum [here](#).

Thanks so much for joining together with believers across the nation in praying for the children, workers, and families involved in the foster care system.
